If a Monitor Is Compromised, Vacant, or Underfunded - §9.1.d, §9.6, §9.7.a

TERM EXPIRY

Automatic Void

Authority ends the instant a term expires - no further act needed. Any act taken after is constitutionally void.

/

MID-TERM VACANCY

Acting by Seniority

Most senior candidate-pool member by continuous tenure serves as Acting until a successor is confirmed under §9.3.

/

BAD FAITH - §9.7.a

2-of-3 Petition

Two Monitors petition the SC. Suspension occurs only if the SC confirms bad faith within 14 days; silence lapses the petition. On confirmation, the senior eligible accepting pool member acts (§9.7.a).

/

FUNDING FLOOR - §9.6

Self-Executing

Budget below the MA-certified inflation floor without 2/3 override? Prior year's funding takes effect automatically - no Monitor has to ask.

Removal - And Where a Monitor's Own Ethics Fits

Standard Track §9.9

1/3 either chamber, or 2-of-3 Monitors / SC: category only, 14 days / 2/3 both chambers

This SC-category and legislative-vote track applies to other independent officers within §9.9's scope. Monitor Generals instead face a national referendum initiated by the designated non-auditing branches. Filing immediately suspends authority; 60% approval and 55% participation remove. A failed or untimely vote restores authority.

Monitor Self-Disclosure §9.9.a

Publish direct to NRS / No peer review / §9.9 if concealed

Monitors disclose like any officer, but no Monitor reviews another's disclosure - the JMC's close, years-long working relationship makes peer review the wrong tool here. Concealment or an unrecused conflict must be a statutory §9.9 removal category. No new institution invented - but for a Monitor General, §9.9 removal now runs its own route: initiated by the branch that Monitor does not audit, and decided by national referendum rather than by the Legislature.

Numbers Worth Remembering

10

years - single non-renewable term for every Monitor General, no exceptions.

2/3

of both chambers to cut Monitor funding below its inflation-adjusted floor - otherwise the cut simply doesn't take effect.

2

of 3 Monitors is JMC quorum - no joint function can be permanently blocked by one Monitor's non-participation.

0

findings are binding on anyone. Monitors publish; they never enforce, direct, or decide.
